

MRCS302

MediaRange Hook and loop cable ties, 16 x 215mm, assorted colors, Pack 5

The Mediarange hook-and-loop cable ties are ideal for fixing and bundling cables and tubes. The hook-and-loop connection can be simply severed and connected when required. The flexible material structure protects the surface from damage and therefore they are also suitable for sensitive cables (eg optical fiber).

FEATURES

- Material: Nylon
- Measurements of each tie: 16 x 215 mm
- Colors: red, blue, yellow, green, black
- for bundeling of cables up to a diameter of 60mm
- hook and loop material for easy adding and removing of subsequently cables

APPLICATIONS

- perfect for fixing and bundeling cables and tubes
