

BOX996

MediaRange Hard disk drive wallet for external 2.5 drives, white

MediaRange hard disk drive wallets are perfect for safely transporting your external hard disk drives. The robust zipper and shock-resistant hard shell padding of the premium nylon wallets provide optimal protection from shocks, scratches, dirt and everyday wear and tear. The carrying strap makes it comfortable to carry when you are on the go. Two elastic bands securely hold the external drive inside and an extra net pocket provides additional storage space for accessories.
