

## MRCS182

MediaRange Charge and Sync Cable, USB 3.2 Gen 1x1 to USB Type-C® Plug, 5 Gbps, 1.8m, Black

### Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

## Reliable Charge and Sync Cable for Everyday Use

Our USB 3.2 Gen 1x1 Charge and Sync Cable is the ideal solution for fast, efficient data transfers and reliable charging between USB-A and USB Type-C® devices. Designed to support up to 5 Gbps data transfer speeds and 15W power output, this versatile cable is perfect for syncing files, backing up data, and powering smartphones, tablets, and other USB-C® devices.

The 1.8m black, round-shaped cable offers flexibility and convenience, with double shielding for signal stability and a durable outer layer for long-lasting use. Whether at your desk or on the go, this cable keeps your devices connected and powered without interruptions.

### Key Features:

- **High-Speed Data Transfer:** Supports USB 3.2 Gen 1x1 with transfer rates up to 5 Gbps
- **Charge and Sync:** Up to 15W output for efficient charging and data transfer
- **Durable & Flexible:** Double-shielded, 30 AWG round cable for enhanced stability and protection
- **Universal Compatibility:** Works with all standard USB-A and USB Type-C® devices
- **Plug & Play:** Ready to use with no software installation required
