

## MROS116

MediaRange Wired keyboard with chip card reader, QWERTZ (DE/AT), white

MediaRange input devices are ideal for all applications in the office or at home. Our keyboards can be quickly and easily connected via USB and are compatible with all common operating systems thanks to Plug & Play and are ready for immediate use. With over 5 million keystrokes and splash water protection, our keyboards are ideally protected against external influences from everyday life. The practical height adjustment also ensures more writing comfort. Thanks to the integrated card reader, these keyboards from the MediaRange brand can be used even more extensively, e.g. for reading EC, health, SMART or credit cards.
