

MROS120

MediaRange Wired ergonomic multimedia keyboard with 124 keys and Scroll-wheel, QWERTZ (DE/AT), black

MediaRange ergonomic input devices are ideal for all applications in the office or at home. Our ergonomically shaped keyboard can be connected quickly and easily via a USB port and is compatible with all common operating systems, thanks to Plug & Play and is ready for immediate use. The special shape of the keyboard ensures that your forearm and wrist are in a natural position. This position relaxes the muscles in your hand, forearm and shoulder girdle. You can prevent or reduce pain in the wrist, elbow and shoulder joints and their muscles.
