

MR226

MediaRange Vinyl CD-R 700MB|80min 52x speed, inkjet printable, black dye, Cake 50

MediaRange CD-R storage media with vinyl design look just like records - bringing old times back to life. With their classic retro look, these discs are completely black on both sides. The excellent recording stability allows your data to be saved in just a few minutes with writing speeds of up to 52x. The superb compatibility with CD burners and players ensures that you can access your personal photos, documents, music, videos and backups anywhere and at any time. Our entire range of storage media are known for their long archival life and excellent UV light resistance. The printable discs can be used with all inkjet printers that have a CD print function. Give your media an individual and professional design just the way you want.
