

MR733

MediaRange Compact wireless speaker, mono audio system, black

MediaRange Bluetooth speakers are your ideal companions for trips or outdoor parties. Our compact speakers in a robust and stylish design can be quickly and easily connected via Bluetooth to your smartphone or tablet PC and offer several hours of music enjoyment thanks to powerful batteries. An additional slot for Micro SD cards, as well as the integrated radio receiver provide additional musical variety. Due to the built-in microphone, our speakers can also be used as a speakerphone. The control panel with 4 buttons allows a comfortable music control and navigation through your playlist.
