

MRPL511

Professional Line CD-R 700MB|80min 52x speed, inkjet fullsurface printable, white, archival grade, Cake 10

MediaRange Professional Line CD-R media provide maximum reliability and are designed to meet the high demands of professional duplication. The excellent recording stability allows your data to be professionally duplicated in just a few minutes with write speeds of up to 52x. Their superb compatibility with burners, printers and robotic systems also ensures smooth production. Our entire line of professional storage media is known for its long archival life and excellent UV light resistance. With a printing area of 23 - 115mm these discs are perfect for professional inkjet printing. The special 24 carat gold coating enables an archival life of several hundred years.
